Memorandum No. 18946 M. I/47-11, dated the 24th July, 1947.

Sub: Textiles - Reorganisation of the Textile Control
Department - Retrenchment - Proposals.

Ref: Government memorandum No. 7755 M.I/47-2; Development,
dated 7th February, 1947.

The Collectors are informed that when there were separate offices for Inspecting Assistant Textile Commissioners and Textile Control Officers there might have been a need for sanctioning an additional staff of Upper division clerks, lower division clerks, attenders and peons to each of them but when offices are ~~separated~~ combined it should result in some reduction of upper division clerks, attenders and peons. Government consider that the posts of upper division clerks under the Textile Control Officers should be converted into posts of lower division clerks as the Textile Control Officers themselves will have to function as section heads of their respective cloth and yarn branches. As the headquarters of the offices of the Inspecting Assistant Textile Commissioners and Textile Control Officers are generally located at the District headquarters the menial staff paid from contingencies such as night watchmen, mashalchi etc. will also require reduction. It is suggested that a reorganisation of the combined staff for Textile control work in every district should

should be made on the following lines..

- (1) One upper division clerk for general supervision
(grade of a head clerk)
- (2) As many lower division clerks as are required with reference
to work in the office
- (3) One attender; and
- (4) Two peons for the Inspecting Assistant Textile Commissioner
one peon for each Textile Control Officer and two peons or more for
the office.

The Collectors are requested to offer their remarks on the
above suggestions and to submit retrenchment proposals on the above
lines very urgently.

Secretary to Government.

Sir,

TEXTILES - Reorganisation of the Textile Control Department -
Retrenchment. - Proposals submitted.

* AP 1-2 above REF: Government Memorandum No.16946-M.I./47-10 dated 24-7-47

I have considered the possibility of effecting retrenchment in the staff of the Inspecting Assistant Textile Commissioner, South Kanara.

The existing strength is as shown below; --

1 Upper Division clerks	--	Two.
Lower Division clerks	--	Three
Steno Typist (of the grade of L.D.C.)	..	One
1 Attenders	--	Two
1 Peons	--	Six
1 Masalchi	--	One.

2 Both the U.D.C's are attending to original clerical work besides general supervision. The T.C.O. no doubt functions as head of the section; but since he has got to tour also in connection with inspection work, it will not be possible for him to function as head of the section exclusively. It should at the same time be possible for one U.D.C. to do the functions of the section head during the absence of the T.C.O. from headquarters and also attend to clerical work involving greater responsibility, besides the general supervision over the work of other clerks. I am therefore of the opinion that one of the two posts of U.D.C's may be retrenched.

3 The number of L.D.Cs. is four, of whom one is a stenotypist. It is needless to state that the four L.D.Cs. will be required to cope up with the heavy work in the office which is on the increase now. During the year 1946 the No. of papers registered in this office was 1326, and in the month of January '47 it was 79. But since the 1st February last, when the Textile section has come under the Collector's Control the number has jumped to 4595 papers so far. For the efficient despatch of business and prompt compliance with the requests of the public I consider that the office will require the four L.D.Cs. including one typist. No reduction in the staff of these lower Division clerks is possible if the office is to function at all.

4 As regards the six peons, two of them are at present working under the I.A.T.C., two peons ~~(in the office)~~ under the T.C.O. and two peons in the office. As suggested by Government I consider that one of the peons working under the T.C.O. may be retrenched; thus reducing the total No. of peons to five.

5 One of the two attenders one is in charge of Records work and the other attend to despatch work. One of the two attenders may be retrenched.

6 At present the office of the I.A.T.C. is located close to and under the same roof of the office of the Revenue Divisional Officer, Mangalore. It may be possible therefore, for the masalchi of the latter office to sweep the office of the I.A.T.C. also. The post of the Masalchi in the I.A.T.C.'s office may be abolished so long as the office continues to be held in the present building.

The proposals of Dept. above may be
 accepted subject to the following remark:-
 (1) That one more peon should be retrenched
 allowing 2 peons for the I.A.T.C., one for the
 T.C.O and one for the office as the strength
 of the establishment consists of only 5 clerks
 in the resulting arrangement.

~~phase~~ notes of his dept. and finance on p. 1 above may be perused. It seems ^{unnecessary} ~~not desirable~~ to address the collector of Sumu Kamara in the suggestion of finance on p. 1 above. His dept. may agree to the suggestion and the number of posts may be reduced to 4. As the N.D. Stern has to supervise the work of other L.D. Sterns it seems that he is eligible for a special pay of Rs. 5 p.m. Finance may advise.

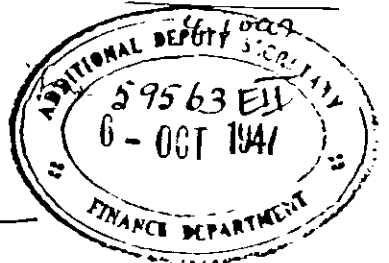

Subject to orders a draft order is submitted below for approval. Finance may see before done
